COMER WOULD CALL AN EXTRA SESSION

of the Alabama Legislature, If Time Was Needed.

AN INTERESTING STATEMENT.

Made by Governor Comer, Who Is More Interested in Laws Being Passed Properly than in Question of Adjournment.

Montgomery, Ala., Feb. 16.6—"So far as I am concerned the legislature shall have all the time needed to enact the laws for which the people have expressed demand for at the polls. If they cannot finish the work they came to do, I will call the members in extra session after the end of the regular session, or provide for an assembly later in the year to finish up anything that cannot be finally disposed of before adjournment. Nothing that I can prevent will be allowed to stand in the way of giving the people those laws which they have so definitely stated they want."

These are, in effect, the words of Governor Comer when asked what he thought of the question of a recess. "There has been much talk of a recess

GOV. B. B. COMER.

and it was thought up to last week that one would be taken about the last of this week to run over into July. However, it became known some days ago that the governor was more interested in the passage of the platform bills now under consideration than in getting away. Also that he did not care so much about rushing them through as about getting them passed in correct form so that they cannot be defeated in the courts on technicalities.

"I think the members of the two houses should stay here as long as it is necessary for them to finish the work they have in hand," continued the governor. "Also I think they should take their time in order to see that every bill is legal and able to meet all tests. The people have sent them here to do this work, and their duty is plain. If it takes all of the session to get them through, all well and good. If more time is needed, they shall have it. I will call an extra session after the regular and let that run over into the fall for any work that has to wait.

"It is not a question of time, but of acuracy. It is important that the bills now pending, for the enactment of which we were all sent here, be made into laws that the people may begin as early as possible to enjoy the benefits of them, and to that end we should all exercise due caution with regard to the correctness of every measure. Hence, I say, let us get along as rapidly as possible, but let us be right. And to be that we must not be in too big a hurry."

"I think the legislature is doing well and making splendid progress on the duties that it has to do."

ARE CHARGED WITH COWARDICE

Officers and Crew of Larchmont Vessel Arraigned by Passengers.

Providence, R. I., Feb. 16.—By the identification late Thursday night of the body of Bernard Hollingsworth, of Jamaica, a negro waiter, the number of identified dead in the Larchmont horror numbered 55, when the morgue opened on Friday morning.

The death on Thursday night of Samuel LaCombe, of Manchester, N. H., one of the 19 persons who reached shore after the Larchmont went down, brought the list of survivors down to 18.

Eighty-seven persons who are known to have been on the steamer, are still mising, or unidentified, and it is now practically certain that the Larchmont carried out with her on that fatal Monday night 159 souls.

Stories reflecting on the conduct of some of the officers and crew are related.

Miss Sadie Golub, of Boston, one of the two women survivors, and Mr. Fred Hiergsell, of Brooklyn, N. Y., have brought direct charges of cowardice against some of the officers and crew of the steamer Larchmont.

Searching for Chinese Swindler.

San Francisco, Feb. 16.—A private detective and police departments of Oakland City and San Francisco are endeavoring to find in China an American-born Mongolian, Woo Ang, by name, who recently raised a draft from $8 to $8,000, secured a bill of exchange for the latter sum from an Oakland bank, sailed across the Pacific and cashed the draft in Hong Kong. The police theory is that the Chinese worked with a confederate in the person of a man named Woods. The job begun in the state of Kentucky, where Woods bought a draft for $8 on the Hanover National Bank of New York. The draft was transferred to Woo Ang from all appearances. Whether Wood or the Chinese did the raising act is not known. But Woods cashed his bill of exchange in Hong Kong before the fraud was discovered and beyond the fact that he is in China, the detectives have no clew to his whereabouts.

Interesting Marriage at Mobile.

Mobile, Ala., Feb. 16.—With the marriage of Captain W. Henson and Miss Martha Schroeder at the German Lutheran church Thursday night at 7 o'clock, one of the prettiest love stories ever brought to light in Mobile reached a climax. The husband and wife had never seen each other until a few days ago, the entire courtship being carried on in correspondence. The beginnig of the love affair that ended so happily was on last Christmas when Miss Schroeder, acting in conformity with a Norwegian custom, sent a package to a Norwegian on the high seas. It fell to the lot of Captain Hansen to secure this particular gift, and in it was enclosed the card of Miss Martha Schroeder. She came to Mobile to await the arrival of her lover in port, and now the ceremonies is a fitting climax to so beautiful a love story.

Gigantic Scheme to Defraud.

London, Feb. 16.—A gigantic scheme on the part of a firm of distillers to defraud the revenue office is reported to have been unearthed by inland revenue officers. The latter, it is asserted, discovered underground pipes through which whisky was conveyed from the distillery to the duty paid warehouse, whence it was distributed to the trade, thus escaping the tax of $2.75 per gallon. The revenue authorities are said to have demanded the payment of a fine of $300,000 on the smuggled liquor. The matter will be brought up in parliament.

Publicity as Wreck Preventative.

New Orleans, La., Feb. 16.—As a preventative for railroad wrecks complete publicity is suggested by Julius Kruttachmitt, director of maintenance and operation of the Harriman lines, and vice president of the Southern Pacific. In an interview he said: "I believe accidents will never be eliminated except by giving the widest publicity to every detail. The persons responsible for accidents whether officers or laborers, should be known to the public in order that they may be made to feel the weight of popular displeasure."

FROM SAME SCAFFOLD TWO WHITE MEN HANG

Pay Death Penalty for Criminal Assault

UPON A YOUNG GERMAN GIRL

One of the Men Hanged Attempted Suicide—Physicians Injected Artificial Blood into the Man, Which Revived Him, But He Had to Be Supported to the Scaffold.

Russellville, Ky., Feb. 16.—W. R. Fletcher and Guy H. Lyon were hanged here at sunrise Friday morning for criminal assault committed on Mary B. Glader, May 22, 1905. Necks of both were broken by the drop. Each made long talks on the gallows denying their guilt and declaring that their lives had been sworn away by false witnesses.

Lyon attempted suicide Thursday night by opening the blood vessel in his left arm with a tin spoon, which had been sharpened. Physicians injected nearly a gallon of artificial blood in the man, which revived him but he was so weak that he had to be supported to the scaffold.

Jim Lyon, a brother of Guy Lyon, and J. H. Sacra, were indicted jointly and when taken to Russellville for trial, a mob attacked the jail and Sacra, in the confusion, escaped, but was shot and severly wounded. For this reason he was granted a new trial.

Jim Lyon turned state's evidence and was sentenced to 20 years imprisonment.

The assault on Mary Glader was committed near Russellville, where the girl and her father, an old German, had stopped for the night.

The men forced the girl's father to drink a lot of whisky and during a drunken stupor, the girl was assaulted.

Richmond, Va., Feb. 16.—There was a harrowing scene at the hanging at Farmville Friday, of Moses Hill and William Ruffin, negros, convicted of the murder of Postmaster John Grubb. Hill weighed 275 pounds. The rope broke; he walked calmly back to the scaffold, when it broke a second time and he died in agony on the ground.

Barbourville, Ky., Feb. 16.—Jesse Fitzgerald, a negro, was executed at this place on Friday for the murder of Mrs. Robert Broughton in August last.

Fitzgerald's request that the black cap be not put over his face was complied with.

Bastrop, Tex., Feb. 16.—A. B. Washington, a negro, was hanged at this place for the murder of Jennie Moore, a negress.

Eddyville, Ky., Feb. 16.—Benn Huffaker, a negro, was hanged here Friday. Huffaker, while a life convict in the penitentiary here, murdered Henry Shirley.

Raisuli's Man Is Killed.

Tangier, Feb. 16.—Ben Mansour, formerly Raisuli's lieutenant, was assassinated opposite the Spanish legation. Three natives belonging to Ben Mansur's tribe, doubtless incensed by his treachery to Raisuli, fired point blank at him, and he fell to the ground mortally wounded. The assailants of the chief then threw themselves on him and dispatched him with knives. The assassins were arrested.

FILES MORTGAGE FOR $18,000,000

Company Will Use Money to Equip and Improve the Railroad.

Atlanta, Feb. 16.—An indenture for securing an $18,000,000 general mortgage and collateral trust on 5 per cent thirty-year gold bonds, was filed in the superior court Thursday for the Seaboard Air Line railway by its division counsel, Brown & Randolph. The mortgage is in favor of the Morton Trust company and James L. Burke, trustees.

It is stated in the indenture that the company is desirous of borrowing money on the mortgage made for equipping and improving the railroad and for other lawful corporate purposes.

The date of the mortgage is Feb. 1, 1907, and it will become due Feb. 1, 1937.

This company on April 14, 1900, placed a mortgage for $75,000,000 with the Continental Trust company, of Baltimore, trustees to secure a bond issue, known as the first mortgage of 50-year, 4 per cent gold bonds.

Bishop Gets Cold Shoulder.

Macon, Ga., Feb. 16.—Bishop Turner was given the cold shoulder by the negro convention here when he made an effort to secure the passage of a radical resolution regarding the disfranchisement of the negro. At the close of the meeting an address to the people of the state was read and adopted. Following this Bishop Turner presented a resolution providing a solemn declaration that all the negroes would leave the state should any law be passed next summer by the Georgia legislature which in any manner interferes with the present suffrage system in the state touching the negro. The resolution was given a round of discussion and then laid on the table. The meeting adjourned with the adoption of the address to meet again in Macon next year.

Wreck, Fire and Robbery.

Dublin, Ga., Feb. 16.—The Wrightsville and Tennille passenger train, en route to Tennille from Dublin, ran into the rear end of a freight train at Lovett. Two of the cars were splintered and the track torn up, stopping travel for several hours. The passenger train was not damaged and no one was hurt. The freight train was too long for the side track, and two cars extended on to the main line. While all the citizens of Lovett were at the wreck a signal of fire was given, which proved to be a barn on fire. All the citizens made a rush to the fire, and while there a negro burglarized one of the stores.

Leader of Peasant Party.

New York, Feb. 16.—Alexis Aladyn leader of the Peasant party, in the Russian douma, arrived here on the steamer Majesty. Mr. Aladyn purposes making a tour of the country, delivering lectures in the cause of freedom in his native land. Mr. Aladyn said on his arrival Friday that he would not be at all astonished if the new douma was never organized. "It is now too late to stop the progress of liberty in Russia," he said. "The liberal sentiment is so broadcast and general throughout Russia that it will come to the front in spite of all government opposition, and its progress is assured."

Dead Man Fonud on Raft.

Douglasville, Ga., Feb. 16.—The body of an unknown man was found floating on a raft in the Chattahoochee river in the lower part of this county. It is thought probable that the body has floated down from near Atlanta. The inquest over the body of the man was held in Campbell county. A 'phone message says the body was that of a negro, 60 years of age, [illegible] to his death from a gunshot wound in the head. The head was torn nearly off. The identity of the negro is unknown.

SAFE BLOWERS ARE AT WORK

Posse Scouring Country for the Cracksmen.

MAN WAS HELD AS SUSPECT

Was Found Near Scene of Robbery and Arrested—Said He Came from Savannah, Ga.—Prisoner Commits Suicide in Cell by Taking Poison.

Valdosta, Ga., Feb. 16.—The safe of the Georgia Southern and Florida ticket office at Lake City, Fla., was blown open Thursday night by cracksmen and robbed of three hundred dollars.

Suspicion points to three white men one tall, one an old man, with a heavy beard, and one a small, young man, who were released from court on the charge of picking pockets.

It is believed the old man organized a crowd for safe blowers.

The safe at John L. Roberts' store at Wingfield, 6 miles from Lake City, was also blown open.

Walter Hemingway, of Savannah, was found near the scene and was arrested.

While Hemingway was confined in the Lake City jail he committed suicide by taking poison.

A posse was formed and immediately began pursuit of the cracksmen.

Birmingham, Ala., Feb. 16.—A special to the News from Sulligent, Ala., says the vault in the county treasurer's office at Hamilton, Marion county, was blown open Friday morning about 3 o'clock and looted of between $6,000 and $8,000,00. Several thousand dollars were left behind. It is supposed that expert safe blowers did the work. A reward of $500 is offered for the arrest of the robbers.

PEACE AND MORALS ORDINANCE AGAIN

Was Passed Upon Its First and Second Readings Friday Night.

THE VOTE WAS QUITE CLOSE

But Was Sufficient to Advance the Document—Druggists Must Fill Prescriptions Behind Closed Doors, But Liveries Can Keep Open House.

The City Council, at an adjourned meeting Friday night, passed on its third and final reading the ordinance providing for the paving of East Main street, N., which will make one of the handsomest throughfares in the State when the work has been completed according to the plans and specifications.

At the conclusion of this ordinance, the famous "peace and morals" ordinance was taken up, and by a close vote was passed upon its first and second readings.

This ordinance is what some citizens term a "hard proposition," as it provides very stringent regulations regarding the sale of wares on the Sabbath, going so far as to even require the druggists to transact "such sales of medicines in the filling of prescriptions, etc.," behind closed doors. The document further states that the purchaser of medicines at a drug store must state the absolute necessity of the same, else the druggist will not be permitted to accommodate the customer. The ordinance insists that the purchaser must come almost within making an affidavit that the medicine sought to be purchased is an absolute necessity.

An effort was made by Alderman Hodges to include the livery stables in this Sunday closing bill, but his motion for an amendment to this effect received no second. As the ordinance now stands every business but the livery business is affected, but the liveryman may conduct business the same as ever, hence the young man will not be deprived of the privilege of hiring a team to take his best girl on a Sunday afternoon's drive.

The ordinance is calculated to cause no end of litigation if passed, if those affected desire to test its legality.

THEY BLOCK THE WAY.

Citizens Annoyed by Manner in Which People Crowd For Mail.

A communication has been received by The Sun complaining of the unsystematic method of delivering mail at the general delivery window of the Gainesville postoffice.

A few patient people form a line and wait until their turn comes to ascertain if there is any mail for them, but invariably there are a great many more who, without regard to system or uniformity, permit their selfish dispositions to master them, with the result that they elbow their way through the crowd, "butting in" ahead of some who have probably waited patiently for ten minutes in order to gain access to the delivery window.

The author of the communication does these thoughtless invaders of the ranks the credit to say that they do not probably stop long enough to realize the discomfort they are giving others, but adds that if they could hear some of the comments passed along the line about them they would think twice before they crowded in ahead of anyone.

This annoyance is more specially noticeable on Sundays and holidays, when the general delivery window is open only at certain and limited hours after the arrival of mails.

The proper way to remedy, to a large extent, this congestion of thoughtless patrons, would be the erection of a railing in front of the general delivery window, which would compel each applicant to take his turn.

GEORGE STUART WILL BE HERE TONIGHT

He Will Deliver One of His Stirring Sermons at Tabernacle.

THE SERVICES SATURDAY

All Were Well Attended, and the Speakers Interested Their Hearers at Each Service—Dr. Gwilym Will Address Audience This Afternoon.

The attendance at the Bible Conference continues to increase. The morning lectures of Dr. Gwilym on "The Epistle to the Romans in Relation to Modern Thought" have attracted larger audiences each day. Dr. Gwilym has proved a Godsend to the Conference, and his hearers have learned to regard his authority highly.

Prof. J. R. C. Brown, the Bible teacher, has also proved of great value to the people of Gainesville, and his work is highly appreciated.

The services Saturday were well attended, morning, afternoon and night. Dr. Gwilym preached at 11 o'clock in the morning, Prof. Brown gave his usual Bible reading and lesson in the afternoon, and in the evening Prof. R. V. Miller of North Carolina, another Bible student of more than passing note, interested a large congregation in one of his usually impressive sermons.

There will be no morning service at the Tabernacle today, but this afternoon the people will have the pleasure of again hearing Dr. Gwilym, and this evening at 7:30 o'clock, for the first time this session, George Stuart, the famous evangelist who has no superior in the country, will deliver one of his stirring sermons. It is needless to add that Mr. Stuart will attract a large crowd, since he has appeared here before, and the people recognize him as a man of superior ability.

There will be good singing at each service, and those who contemplate attending are requested to be on hand promptly.

Remember the Smith's Greater Shows, a high-class carnival attraction, which appear in this city all of next week, beginning Monday, under the auspices of the Gainesville Guards.

Attention is called to the advertisement of Mrs R. Wilson, which may be found elsewhere in this paper. She states that new goods are arriving daily, with beautiful and exclusive designs in fabrics.

M. C. Collins of Fort White and B. I Thomas, R T. Thomas and C. C. Williams of Willeford, were among those who came to Gainesville yesterday to transact business with the United States land office.

See the advertisement of the Smith Greater Shows in another part of this paper, and if you enjoy refined attractions, patronize these shows, all of which are clean and of a nature which would not offend the most modest.

Smith's Greater Shows, a high-class, refined carnival attraction out of the ordinary, will be in Gainesville for one week, beginning Monday, 18th inst., for the benefit of the Gainesville Guards. If you appreciate amusement of the highest class, don't fail to attend these shows.

Dr. and Mrs. G L. Hanscom of Jacksonville have returned to their home, after a few days spent in this city attending the Bible Conference, in which the former took an active part, delivering several interesting lectures. Dr. Hanscom is pastor of the Congregational church of Jacksonville.

J. H. Manners left yesterday for Williston, where he will spend Sunday Mr. Manners is interested in the big truck growing firm of Nelson & Manners, who are among the most extensive in that section. They are now shipping large quantities of lettuce, which is bringing very satisfactory prices, the product being exceptionally fine.

Attorney W. W. Hampton has returned from St. Augustine, where he went to accompany his daughters, Misses Minna and Catherine, and their guests, Misses Willingham and Davies, on a pleasure trip. The young ladies remained in the Ancient City and the visitors will return in a short time to their respective homes in Georgia and South Carolina.

Do not fail to take advantage of the tempting offers made by the N. K Fairbank Co. of Chicago, through their young assistant salesman, "Sunny Monday" Payne, who is helping our merchants place in the hands of the public the famous Sunny Monday Soap. Mr Payne contemplates visiting every home in the city, thus giving all a chance to procure of their own grocer an assortment of the Fairbank Company's soaps at a bargain.

The A. R Harper Piano Company, one of the most widely known firms of the kind in this section, has an advertisement in this issue to which the attention of the public is invited. The Harper Company handles only the highest grade pianos and other musical instruments, and it will pay prospective purchasers to investigate their instruments and their contracts before making a selection. The company is located on East Main street S., opposite The Sun office.

The G. W. Hyde Company have an advertisement in this issue which it will pay prospective purchasers to investigate. This progressive firm has enjoyed a remarkable success for the first year, but it is their aim to increase the business during the next twelve months. If honest goods, honest prices and courteous treatment will accomplish anything, success is sure. Read the advertisement, visit the store and take advantage of the good things the firm has to offer in its various departments.

MRS. C. E. FINK

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever.

In the good old-fashioned days of our grandmothers few drugs were used in medicines. They relied upon roots and herbs to cure weaknesses and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value.

This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Mrs. C. E. Fink, of Carnegie, Pa., writes:—Dear Mrs. Pinkham:—"I wish every suffering woman would take Lydia E. Pinkham's Vegetable Compound and write to you for advice. It has done me a world of good and what it has accomplished for me I know it will do for others."

When women are troubled with Irregularities, Displacements, Ulceration, Inflammation, Backache, Nervous Prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case.

Give All Property As Security For a Loan of Eighteen Millions.

ALACHUA COUNTY PROPERTY

The Seaboard System Owns Many Miles of Track and Other Valuable Property Here, and It Becomes Necessary to Make a Record of Same.

One of the largest mortgages ever recorded in Alachua county has just been received by Clerk S. H. Wienges, who is now at work upon the same, transferring it to the records. It is a document which will require sometime to record, because it is a voluminous undertaking.

This is no more than the part which belongs to Alachua county of a mortgage of the Seaboard Air Line Railway Company to the Morton Trust Company and James I. Burke, trustees, an indenture securing a general mortgage and collateral trust, five per cent gold bond security, payable in thirty years, the aggregate stipulated amount being $18,000,000.

This mortgage comprises all the trackage, appurtenances, rolling stock, equipage, of the Seaboard Air Line in every State and county in which the said Seaboard Air Line operates or owns property, and that portion referring to ownings in Alachua county must be noted and recorded on the records of the clerk of the circuit court of this county. The document comprises eighty-four pages of type.

Common Colds Are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that if catching cold could be avoided a long list of dangerous ailments would never be heard of. Everyone knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung troubles are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other hurtful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by all druggists.

CARD OF THANKS.

Rev. G E. Thompson and Family Express Gratitude For Kindness.

Editor Sun: "Love is a debt we can't ever pay." I feel the same is true in regard to gratitude in my present case. I want to give some feeble expression of thanks to the many dear friends, known and unknown, who so kindly ministered, in one way and another, to my wife in her recent serious illness in the hospital in the city of Gainesville, Fla.

First, to Mrs. Dr. Wm. D. Sutherland, who prepared to send Mrs. Thompson to the hospital; to the town of High Springs, to the ladies of the First Presbyterian Church of Gainesville, to the Pastor's Helping Hands of the same, to the ladies of the Rebecca Lodge, and also to the Branford church, all of whom provided the money. I want to express sincere thanks to Doctors McKinstry and Dell for their able, noble and faithful medical attention, which has been so signally blessed; to the faithful and efficient matron, Mrs. Alice Broughton, who spared no pains nor labor in personal attention; to the earnest, faithful and kindly nurses who won our hearts by loving attention day and night at the bed ide; to the dear pastor, Dr. T. P. Hay, and his good wife, who ministered to the spirit in this trying hour; to all and each who shared in the tender and loving work of restoring a mother and wife to her loved ones, let me return our many thanks. This seems so little, so weak, we can only commend to our loving Father who can and will abundantly reward every one of you for your sweet, tender and loving ministrations.

With grateful hearts,

G E. THOMPSON AND FAMILY.

High Springs, Feb. 14th, 1907.

SERMONETTES

BY J. MARVIN NICHOLS

Lift up a man—don't drag him down.

If you would really succeed, be natural.

Don't preach smiles to a fellow on sweat-shop wages.

Lots of fellows expect to get to heaven on a scalper's ticket.

Sport the sort of kindness that laughs at the world's rough usage.

Bid defiance to old age—hold to the spirit of your youthful days.

Why mind the bitterness of the tonic that brings you what you need?

A man may be very moral and not religious—and a man may be very religious and not moral.

The man who needs a preacher to prop up his piety ought not to object when pay day comes.

Keep the upward gaze. It turns prisons into palaces and transforms the hovel into castles.

Salome danced—and good old John lost his head! If you're on these days, you know that's no fable.

There are those who make their business their pleasure, and there are others who make pleasure their business.

"What would this old world be if everybody in it were just like me?" Go 'way back and put that query to yourself.

Because we have to look at a fellow through our own spetacles, they sometimes look mighty no 'count. Do you catch on?

Just as well accept the truth and be done with it—the strongest will always have the most, no matter what that most may be.

I believe in the government of a people and by the people. Yet, the dominion of the many is no more safe than the domination of the few.

That man is less a man whose ideal is less than himself. A bigot and an egotist are loaded to the guards with dead ideals and faded day-dreams.

Lots of self-branded saints are waiting for Gabriel to blow his horn, when they might do a little business for the good of the race if they would toot their own for awhile.

Humbly try to make the world better, be charitable within your means, add nothing more to a fellow's sorrow, be square with your neighbor, square with yourself—that creed is good enough.

Get wise. You will see on any street corner those social warts—the Johnnies, scavengers in quest of prey. The pity is that some move-on-law does not mercilessly push them off the very verge of creation.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." The members of the W. C. T. U. Association in a Georgia town have quit fighting liquor and turned their attention for the present to the evidence being printed throughout the country in the Thaw trial. The association in question have passed resolutions condemning papers publishing such "dispairing information," calculated to poison pure and innocent minds.

The Jasper News says: "We have been having a hell of a time here in Jasper lately. Sunday before last at the Baptist church the pastor preached about hell. Sunday night at the Advent church the discourse was on the subject of hell—and from some mutterings we have heard in the direction of the Methodist church we are led to believe that somebody must have caught it over there."

A good newspaper is the grandest temporal blessing that God has given the people of this country. In the first place all the people read the newspapers and the newspapers furnish the greater proportion of the reading to the people. They don't read books. The old people look for deaths, the young look for marriages, the business men read the business and financial columns, and those who are unemployed read the want advertisements. Great libraries make a few intelligent men and women, but newspapers lift the nation into the sunlight.

This is a sort of top-y-turvy world. No one seems to be satisfied. One man is struggling to get justice, and another is flying from it. One man is saving up to buy a house and another is trying hard to sell his dwelling for less that it cost to get rid of it. One man is spending all the money he can earn in taking a girl to a theater or show and sending her valuable presents in hope that he may eventually make her his wife, and his neighbor is spending all the golf he has saved trying to get a divorce. One man keeps a pistol to protect himself against burglars, while his neighbor doesn't keep one for fear of shooting himself or some member of the family. One man pays for his paper in advance because he can read it with a greater relish, while another takes it four or five years without paying one cent for it, and enjoys it hugely all the while. Surely a queer old world this is.

NEW ZEALAND IN THE LEAD.

New Zealand is a new country, able to furnish new ideas in government. It is ruled on the idea, which is assuming controlling strength here, that the people rule.

There they do in fact; here they have only done it in name. We do it out of the mouths of our rulers, who too often have fallen into the habit of regarding themselves and their own interests as the people's—and of ruling accordingly. Here the corporation has given to the control of things from which it has now to be torn down.

New Zealand seems to have taken it by the ear in time, and to have secured the development of industries without undue cost to the people, by the simple expedient of stepping in with government operation of monopolies and government hand on conspiracies seeking to suppress competition in business.

The government operates the railroads and telegraphs and such things as need to be monopolies for their successful and cheap development. The government keeps the manufacturers in check by its duties and taxes. It is seemingly a very paternal government, but perhaps not more so than is necessary to secure to the individual citizen his liberty and equality, which we declare for them but fail to secure to them.

We will get there, after a while, but New Zealand seems to have stolen a march on us. They have street car fares there for a penny, which is two cents, and a seat for every passenger. When the seats are full no more are taken aboard, an arrangement recommending itself to the good sense of everyone save the transporter, no one of whom has ever seen its propriety.

They say the proposed passenger would howl if excluded; and so he might; but the way to pacify him is to give him a seat in another car—which is also a remedy which the transporter in this country finds too costly for his taste.

NEGRO AGITATORS.

At the meeting of the State convention of the Negro Equal Rights Association of Georgia, in Macon, Bishop H. M. Turner, in a speech before that body, denounced the United States as a "contemptible nation," and suggested that immigration was virtually the only hope for the negro's advancement. In his arraignment of the supreme court of the United States he asserted that that tribunal had dragged the negro and his rights of citizenship down to hell. It is just such antagonism towards the white people and the government by such men as Bishop Turner that blocks the advancement of the negro in many ways, as there is an element which applaud his utterances. The negro can present no grievance, for he is receiving, as a race, more consideration and more benefit throughout this country today in proportion to his investment and standing than the white man, who pays the burden of the tax. If men of Bishop Turner's class would devote more time in endeavoring to teach the race to do right and show appreciation of the support and encouragement of his white friends than to try and prejudice him and lead him to believe he is being imposed upon, it would be far better for all. Such agitators as Turner are a menace, rather than a help, to the negro.

In the matter of the serious accident in Block Island Sound, R. I., Monday night, in which more than a hundred people lost their lives, it is noted that a committee will investigate to whom the blame for the evident carelessness belongs. If the mariners would devote more precaution toward preventing these calamities, there would be less time to spend in investigating their causes.

Catarrh Cannot be Cured

It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. Take Hall's Family Pills for constipation.

The best way to build up a city is for each and every man in it not to strive to rend and tear down. Whenever a man in the town is doing well do not try to tear him down. All the residents of a town are partners, not opponents. In all likelihood the more business done by your rival the more you will do. Every gentleman who treats his customer honestly, courteously and fairly, will get his share, and the more business that can be secured by united effort, the better it will be for all. When a town ceases to grow it commences to die, and the more the people try to kill off each other in their business and good name, the more rapidly will utter ruin come to all. Stand together for the advancement of every citizen. If a man shows ability to prosper do not pull him back with jealousy or weigh him down with cold indifference.

The Democrat recently stated that, take it one month with another, the climate of Florida throughout the year was the very best in the United States. And we said it in all seriousness, not as a mere piece of stock brag. General W. W. Loring, of Confederate fame as a fighting major-general, went to Egypt after the Civil war, and took service in the army of the Khedive. While there he wrote a book, and in discussing the boasted climate of that country, he said: "Acquainted with all the best Southern climates in the world, I do not think there is any that is comparable with that of Florida." The testimony of such an expert counts.—Live Oak Democrat.

Don't condemn in others what you might easily find in yourself. When the fox and the hounds run in a circle, it is mighty hard to tell the difference between the pursued and the pursurer.

CHRONIC ULCERS

EXTERNAL EVIDENCE OF INTERNAL POISON

Whenever a sore or ulcer refuses to heal, it is a sure sign of a diseased condition of the blood. The sore itself is simply an outside evidence of some internal poison, and the only way to cure it is to remove the deep underlying cause. Sores and Ulcers originate usually from a retention in the system of bodily waste matters and impurities. These should pass off through the natural avenues of waste, but because of a sluggish condition of the different members they are retained in the system to be taken up by the blood. This vital fluid soon becomes unhealthy or diseased, and the skin gives way in some weak place and a Sore or Ulcer is formed. The constant drainage of impurities through a sore causes it to fester, grow red and inflamed and eat deeper into the surrounding flesh, and often there is severe pain and some discharge. S. S. S. is the remedy for Sores and Ulcers. It is nature's blood purifier, made entirely of vegetable matter, known to be specific for all blood diseases and disorders. S. S. S. goes down to the very bottom of the trouble, and removes the poison and impure matter, so that the sore is no longer fed with impurities, but is nourished and cleansed with a stream of healthy, rich blood. Then the place begins to heal, new flesh is formed, the inflammation subsides, and when S. S. S. has thoroughly cleansed the circulation the place heals permanently. Special book on Sores and Ulcers and any medical advice desired will be sent free to all who write.

SOME CITY NEWS.

A Fine Meeting.

Alachua Camp No. 5, Woodmen of the World, held a fine meeting Friday night, which was well attended, and in which a great deal of interest was manifested by those present.

Archer camp of the order notified Alachua camp that they would send a delegation to witness the work, with the result that Council Commander Bell made an extra effort to secure candidates for the occasion. The candidates were present, but the Archer delegation did not put in an appearance. However, the work was conferred in a creditable and impressive manner.

The Woodmen's work is good, the local camp has a degree team which knows how to put it on, and the prospective visitors missed an impressive lesson by their failure to "show up." This is the second time Alachua camp has been disappointed by their Archer brothers, and local leaders good-naturedly declare that pretty soon this camp will begin to look upon their engagement as "the boy and the wolf." However, they are assured of a warm welcome when they do come.

Fine Minstrel Attraction.

James Crosby, "The Tall Talker," heads the big company of comedians, singers and dancers who make up the "Dandy Dixie Minstrels." With this strictly modern and magnanimous organization of colored players comes the Cotton Pickers' Band and a big olio of specially imported acts who, after their long engagements in Europe, appeared as the feature attraction on the New York Theatre Roof Garden all of last summer. Besides James Crosby, there are the Campbell Bros., new musical act; Toney Bros., acrobats; Williams & Stevens, impersonators; a big novelty number song, with moving picture effects, entitled "My Old Kentucky Home," and the entire company in the latest comedy with music, "A Fowl Affair."

The Dandy Dixie Minstrels will be seen at the opera house on Tuesday, February 19.

UNPROFITABLE FEEDING

Intelligent stock raisers know that a certain amount of feed is necessary to keep an animal alive. They might feed that amount as long as it lives, and it would never gain a pound.

There is no profit in that kind of feeding. The kind that pays is the kind that builds flesh rapidly. If it takes twenty pounds of food each day to keep a sheep alive, twenty-five pounds a day will make it gain flesh. It's the extra five that brings the profit. The first five pounds amounts to nothing, nor does the second or third or fourth five pounds.

It's the same way with advertising. You have to do a certain amount to overcome the resistance of the public.

You have to do a certain amount of advertising to make them wake up to the fact that you are in business at all. You have to pay a certain amount to keep your advertising alive. What you pay above that amount brings profit.

Some advertisers fail because they do not use enough space. They use barely enough or sometimes not quite enough to make the advertising self sustaining. A little bit more would make it profitable. It is better to advertise a little too much than not quite enough.—Charles Austin Bates.

Some of our advertisers could enlarge their space with profit.

Trouble Brewing in Argentina.

Besides the present rumors, the labor agitation is causing uneasiness. It is reported that a general strike will occur at the end of February or early in March. A ministerial crisis is also imminent. The differences among members of the cabinet, caused by the intervention in San Juan, have cropped out and it is stated that the resignation of the cabinet may result.

NEWBERRY WILL INCORPORATE

Citizens Hold Meeting and Only One Vote Dissents.

DEATH OF MISS STUDSTILL

Chas. Smith Proves Himself a Great Financier; Does P. I. Hathcox for $350, Horse and Buggy and His Daughter.

Newberry, Feb. 15.—An enthusiastic meeting was held at the office of Judge Henderson Thursday night for the purpose of deciding whether Newberry was to be incorporated or not, and it was decided to incorporate, only one vote being cast against it. Steps will be taken at once to push the matter, and the next Legislature will be asked to grant the charter. At this meeting it was decided that the sanitary condition of the town needed looking after at once, and committees were appointed to look after this work, and a subscription of $86.00 was gotten up in a short time, and this money will be used in bettering the sanitary condition of the town.

Those present at the meeting agreed that each would clean up his premises at once, and see to it that those under his control were put in better shape.

The unusual number of fever cases here was one of the direct causes of the meeting, though several of our citizens have long been in favor of incorporating.

Miss Lizzie Studstill, daughter of Mr. and Mrs. H Studstill, died Wednesday morning about 3 o'clock. She had been ill with fever for some time, but was much improved, and the day before her death had been in an adjoining room to see her brother, who is also ill with fever, and her death came as a great shock to her many friends as well as her family. The remains were laid to rest at Ebernezer last Thursday, a large number of friends and relatives following them to their last resting-place.

A trained nurse arrived Thursday to attend to the fever patients at the home of J. M. Holt, two cases that are to say the least, critical. A nurse has also been secured for Lonnie Studstill, who is sick with fever.

Mr. and Mrs. D. G. Rowland entertained in honor of Miss Neil Johnson Friday night.

Chas. Smith, a young man who has been at the home of P. I. Hathcox, near Newberry, for some time, has disappeared, and Mr. Hathcox is out several hundred dollars in money, a horse and buggy, and his daughter. Smith gave Mr. Hathcox two checks on the Atlantic National Bank of Jacksonville, and they were endorsed by him; one for $185 was cashed by C D May, and one for $165 was cashed by Lute Howell. After securing the money, and before the checks came back as "N G," the young man had secured Mr. Hathcox's horse and buggy and left for "parts unknown," taking Mr. Hathcox's daughter, too. Mr Hathcox has assured Messrs. May and Howell that he will make the checks good, and in the meantime he is trying to locate Smith.

Letter to H. F Dutton, Gainesville, Fla.

Dear Sir: No man is in a position to influence men with regard to their property more than you in that little room where they tell you their troubles. Pity, if you don't know how to keep a house dry and sound, any sort of structure, house, store, factory, warehouse, shop, barn, fence—any sort of fence, except rail, with paint.

What paint? The paint that takes least gallons; for paint costs money, and putting it on costs twice as much as the paint.

Fust is short; but that's all; it includes the rest. One paint wears long, another wears short; but the one that wears long is the least-gallons paint; least-gallons means pure and strong, and most-gallons means adulterated and weak, besides small gallons.

Paint is one of the biggest interests in the United States; not the business of making it; no, the business of paint, taking care of property. Paint is worth a great deal more than it costs, and the best costs least: Devoe.

Yours truly,
F. W. Devoe & Co.

P. S.: The S. J. Thomas Co. sell our paint.

Melrose, February 16—Quite a number of orange trees are showing bloom in the groves in and around Melrose, and although the thermometer went down to 35 degrees on the 9th inst. no harm was done as far as can be seen.

Real estate has been quite active in town recently. Mrs. M. A. Earle sold her property to W. S. Yearwood, while Mrs E. Thompson bought the home formerly owned by the latter.

FOR STOMACH SUFFERERS.

Don't Use Any Remedy That Keeps Its Formula a Secret.

People who are troubled with stomach weakness cannot afford to use any remedy unless they know what it contains.

Mi-o-na is not a mere digestive giving only temporary relief, but a specific for all disorders of the digestive organs, and so effects a permanent cure for stomach troubles.

Your physician will tell you that nothing is better than a combination of chemically pure bismuth subgalate to allay any inflammation of the stomach and bowels; cerium oxalate, to strengthen the stomach nerves; sodium bi-carbonate, which neutralizes the poisonous acids that are present in stomach troubles, and nux vomica, which will restore vigor to the digestive organs and tone the whole nervous system.

This combination is found only in Mi-o-na stomach tablets, and it so rarely fails to strengthen the digestive system and cure all forms of stomach disorders that J. W. McCollum & Co. sell the remedy under a guarantee to refund the money unless it cures.

If you suffer from indigestion, distress after eating, specks before the eyes, headaches, pains in the back and side, emaciation, bloating, nervousness, sleeplessness, or any of the other symptoms of stomach troubles, begin the use of Mi-o-na stomach tablets at once. J. W. McCollum & Co. sell them in 50c boxes with a guarantee to refund money unless they cure.
